Chapter Manager

Hogsters,

What a summer it has been. So many awesome rides, with my fellow chapter members and so many memories made. There has been some positive Officer movement on the board and there will be elections for the remaining positions at the end of the year. Our chapter as a whole is running in the #2 spot on ride 365 and we are having a chapter party put on by the motor co. For winning the western region last year, On October 11TH at 9:00 AM. Lots of rides coming up for the rest of the year. Keep up the good work. You guys are the best. Keep the rubber side down and see you at the next ride.

Ron L.

Chapter Manager

DIRECTOR'S CORNER

DIRECTOR'S CORNER

Newsletter – Oct 2024

We just finished our ride planning meeting filling out our ride calendar through January 2025, please take a look at the exciting rides on the calendar. Please check team up and sign up for these great rides.

The annual Moo and Cluck is around the corner on Saturday October 26, so if you have not signed up yet, please do so by the next monthly meeting.

Also, we are taking signups for our annual HOG Christmas party which is on Saturday December 21st. It should be a great time so come on down.

We are always looking for additional volunteers to assist in some of the positions, and with a lot of new members we would love to have you as backup help for positions like activities, membership and road captain. If you are interested, see one of the officers to discuss what you would be interested in doing.

Finally – last year as a chapter, for the annual mileage ridden, we were # 1 in the western region and #4 in the nation with over 1 million miles as a chapter. In order to continue on that pace, we need all members to turn in mileage forms to Ron Long on at least a quarterly basis.

If you have not given one at the start of the year (and many members have not) please complete a form now so we can get a starting point to track your mileage for that point forward. All miles ridden this year prior will not count until we enter the beginning mileage at the time you submit your form. So please get your forms to Ron ASAP. We want to be #1 in our region again this year and bat out Scottsdale again.

Ride/Have Fun/Be Safe

ASSISTANT DIRECTOR

Assistant Director's Corner

Hey Family,

I know there is lots to talk about, but I want to keep it simple for end of Summer.

This is your reminder to keep your eye on our Team Up App and watch for upcoming rides and events. We have weekday rides as well as overnights and extended rides coming in November and December.

Don't forget to turn in your mileage sheets whenever you have the opportunity to. We don't want to get passed up by other chapters! Remember, we are the chapter that Rides!

Finally, in an effort to keep our brothers and sisters safe, we would like to hear your thoughts trainings, tips, tricks and ideas, so we can be safe out there and still have fun.

As always, I will let you all know what an honor and privilege it is to represent you as your Assistant Director.

John Sbrega, JD

Asst. Dir. AHD HOG, 5104

Secretary's Notes

Hi Friends,

Fall is around the corner and that means lot more rides planned. We're going to have lots of mileage to turn in, I hope.

The Moo & Cluck is coming up. I think you'll have lots of fun and get to be with good friends.

Plan on being at the Christmas Party in December. We're going to have a wonderful time.

In case you didn't hear, Bob Lefebvre and I got married on September 7th. HOG members stick together!

Ride, ride, ride,

Jan

Secretary

Treasurer's Report

September – 2024

As Treasurer, the last three months normally would have had very little activity for the Treasurer. It's been a little busier than normal though, as money keeps trickling in for Football ticket purchases. The football tickets had to be paid for up front to the Arizona Cardinals. This caused a big draw down of our bank funds. Ron still has tickets the chapter has now purchased and we need to sell those to chapter members. Since we need to recoup our money, please consider purchasing tickets if you have not.

It's been a REALLY hot summer here in Arizona in case you didn't know (haha). Hopefully you were able to get away on vacation to visit somewhere cooler. Elaine and I managed to get away this summer to Colorado and then on to Wyoming, Montana, Idaho, Oregon, California, Nevada and Utah. It was a great trip with much cooler weather. We had a couple days with some rain and three days we actually had to break out our heated gear, as the temperatures dipped into the lower 40's. When we returned to the hot wastelands of Arizona, we turned in 6,800 miles to Ron. Don't forget to keep turning in your miles for the next drawing.

The “Brotherhood and Sisterhood” Chapter That Rides

I have a printed 1995 pocket edition of the Webster New World Dictionary in the drawer of my computer desk, that I refer to frequently. When was working, **(not that long ago by the way)**, I had a hardback dictionary at my desk and my young co-workers were amazed that I actually referred to a dictionary rather than the world-wide-web/internet to find the correct definition(s) or usage of a word(s). I am old school and we did not have the internet on Navy ships in my early days? (LOL)

What does this have to do with a HOG Chapter Newsletter? Great question! So my dictionary defines brotherhood as: “An association of men united in some interest, work, etc.” My dictionary does not even list a definition of sisterhood in it. For that definition, I did need to go to the online version of the Merriam-Webster dictionary to find this: “The solidarity of woman based on shared conditions, experiences, or concerns.”

Whichever definition you relate to or like most, both define our great HOG Chapter Arrowhead 5104! My definition: “A brother and sister-hood of men and women who are united in riding our fantastic motorcycles!” How do I come to this conclusion? Look at our great rides, great events, comradery, volunteers, HOG events, Ladies of HOG events, activities, and our ever growing HOG family currently at 233 members.

In closing, we have members who have been or are working as mechanical engineers, truck drivers, heavy equipment operators, HVAC technicians, water quality engineers, healthcare personnel, current military personnel, veterans, school district staff, police officers, state workers, luxury boat owners, and moms and dads to name a few, who except for our shared ownership and desire to ride the best motorcycle in the world would have never crossed paths. I am honored and humbled to call my Brothers and Sisters, my friends!

RIDE AND HAVE FUN!

Sincerely,
Jeff Shropshire,
HOG 5104 Membership Officer

QUICK TIPS: The Importance of Riding Unimpaired by Alcohol or Other Drugs

Theory: Alcohol And Motorcycles Are Incompatible

- At a BAC* of 0.01 to 0.04%, judgment begins to lessen, the drinker is less critical of their own actions, reaction time is slowed, and indications of mental relaxation may appear.
- At a BAC of 0.05 to 0.07%, judgment is not sound, thinking and reasoning powers are not clear, and the ability to perform complex skills is lessened.
- At a BAC of 0.08% or above, judgment and reasoning powers are severely hampered, and the individual cannot complete common simple tasks without error.

Proof: Statistics From Recent Studies (by NHTSA, Florida, Kentucky, and Australia)

- Having any alcohol in one's body increases the chance of crashing by five times.
- Having a BAC greater than 0.05% increases the risk of crashing about forty-fold.
- 46 percent of all motorcyclists killed in crashes were using alcohol.
- One fourth of all fatal alcohol-related motorcycle crashes involve motorcyclists running off the road, overturning, or falling from the motorcycle rather than striking another object.

Explanation: Alcohol Affects Your Ability To "SEE"

SEEsm is the acronym for MSF's strategy to help motorcycle riders maintain a safety margin as well as remain ready and able to respond properly to traffic situations. SEE stands for:

- **Search** for hazards that might lead to trouble.
- **Evaluate** how the hazards might interact to create risk; prioritize multiple hazards to deal with one at a time.
- **Execute** an action to maintain a margin of safety.

Alcohol affects these three human elements of safe motorcycle operation by impairing your vision (**Search**), judgment/decision-making ability (**Evaluate**), and coordination/reaction time (**Execute**).

Recommendation: Plan Ahead

- Riders should never mix alcohol with riding. Even low, legal limits of BAC increase your risk while riding a motorcycle.
- Riders who are away from home and decide to drink should either (1) wait until their BAC has returned to zero before riding, even if it means staying overnight, or (2) leave the motorcycle in a secure location and find alternate transportation home.

*BAC = Blood Alcohol Concentration

THESE ARE THINGS TO BRING ON A LONG TRIP

1. Small battery jump starter
2. All star sockets and allen wrenches for your bike.
3. A few assorted screwdrivers.
4. Tubeless tire repair kit
5. A small air compressor
6. First aid kit.
7. Rain suit and associated apparel for the weather conditions.
8. Rain x for helmet shield glasses etc.
9. Always have enough water, to keep your self hydrated

These are at a minimum. Make sure
You are pepared for ride.

Blast From The Past:

HOG'sters

Just a reminder we have Trash Treks coming up so please find the time to join in. It is always lots of fun and lunch is provided for those that work the pickup of trash.

If you haven't heard, the Cardinals won one, so those of us with tickets may get to see a great game.

For all of you signed up for the Moo & Cluck, it is A time to be had by all, Games and Comradery for friends and family.

Also, to remind you the Christmas party is coming quick. So, start thinking about it.
