**I am changing this challenge so as to avoid any problems. Read the captions on the attached photos. Any one of these three locations will be accepted. The easiest to find will be the fire station in Jerome. Just be careful in Jerome. It's hilly and there's a lot of traffic at times**

**Jerome Fire Station.** This is on the Nain Street in Town and easy to find.

**Gold King Mine** This sign is on the way to the Jerome Ghost Town site. It's flat where the sign is on pavement with room to turn around

**Ghost Town** This sign on the truck tanker is where the pavement ends. Turn right and turn around your photo. It's hilly here so be aware.

## Chapter Manager

Hogsters,

Well guys this is a bittersweet moment in my Harley-Davidson Hog Career. I have accepted a new position as a Commercial Fleet Sales Associate at Midway Chevrolet.

We have had a heck of a ride the past few years. I want to thank each and every one of you for all of the dedication to the Chapter and Hog organization. I value all of the friendship and relationships that have been cultivated over the years. You guys & gals are the best.

I will start my new position at Midway October First, at that time I will continue as your Hog Chapter Manager on a part time basis.

I will come into the dealer 1 Day a week to update the mileage reports, new membership forms etc.  
I will be attending all officer meetings and general meetings.

If needed I will be available by phone.

Now that that bit of news is out of the way! Let's get ready for some football.

<https://tinyurl.com/HOG-Football>

Thank you, guys, for all that you do.

You are the best.

Here is a small clip while we visited Wyatt's Lemonade Stand in Sturgis 2025, they took of us rolling in.

## DIRECTOR'S CORNER

### From the Director's Chair

We just finished our ride planning meeting filling out our ride calendar through January 2025, please take a look at the exciting rides on the calendar. Please check team up and sign up for these great rides. There are some open dates, so if there are some good ideas out there, please reach out to your officers.

This year has been amazing so far. So many great rides have happened and are continuing to be brainstormed. Many of us went to Sturgis this year for the 85<sup>th</sup> annual Rally. The White Mountain Rally was a fantastic time as well. We have visited an injured little girl at her home, visited sick HOG members to lift their spirits and helped keep our roads clean with Trash Treks. I am so proud of you all.

Weekday and weekend rides await us, and I hope to see some new faces. Upcoming rides and events are exciting and meant for all members.

Ballots for nominations of HOG Officers are the AHD HOG website, and elections will be held in November. Please participate and let us know the direction you want our family to go in.

Please be aware and let your officers know they are appreciated for all they do to make sure we keep riding and having fun, which is our job one.

Finally – last year as a chapter, for the annual mileage ridden, we beat all other chapters in the valley. In order to continue on that pace, we need all members to turn in mileage forms to Ron Long on at least a quarterly basis.

Football tickets are still available and you are in for a great time with our Cardinals partners. Time is running out HOG5104 wants to make our presence known as the leader in the Valley.

<https://tinyurl.com/HOG-Football>

On a personal note, I have met and ridden with some of the best people I know this year. Your presence fills a space in my life as well as benefitting our Arrowhead dealer.

May the road rise up to meet you,

John Sbrega

Director

## ASSISTANT DIRECTOR

From Behind The Director:

I hope this finds everyone in good health. It is finally cooling down a little, so how about getting out and doing the challenges?

The Butt ride seems to be a success for quite a few of you. The 250 mile has more coming in every week with over 23 riders so far. The 500, 750 and 1000-mile rides have several riders completing them.

The 10 rides challenge that Terry is tracking is doing well also.

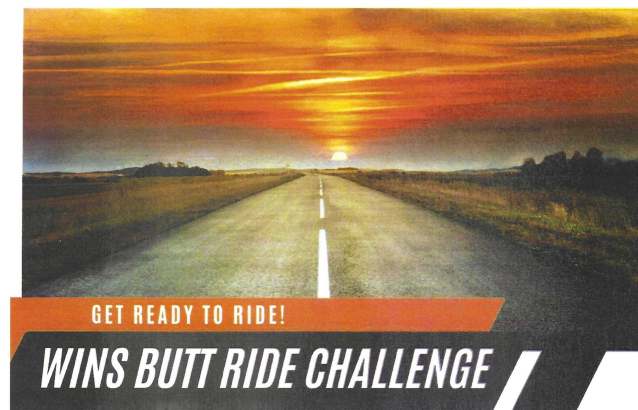

Let's get out and ride so we can add miles to the chapter's year end milage. There are a lot of rides on the calendar weekdays and weekends. Remember if we have any new riders/members to the group let's make sure and welcome them in.

Check team up to get ride information and sign-up.

Have FUN and RIDE

Win H.

## Secretary's Notes

### September 2025 Secretary Article

**Hi 5104 Hogsters:**

**As the weather is now cooling down, it is time to get out there and ride. We have a full ride calendar for October and will be meeting to finish out the ride calendar for 2025 and into 2026.**

**We have a new program where we can record conversations for both our officers meeting and our general meeting. This creates the ability to have meeting minutes for each meeting and what was discussed as a historical document.**

**When you are speaking, please say your name so we know who is talking, this helps with creating the meeting minutes.**

**I am excited about my new challenge as secretary and if you have any questions, please feel free to contact me at [lmancino@cox.net](mailto:lmancino@cox.net).**

**As always, stay safe out there.**

**Laura Mancino - Secretary**

## Treasurer's Report

SEPTEMBER – 2025

The Summer has been another HOT one, as if you didn't know. The job of Treasurer has been very quiet as the riding activities have been slow this Summer. Bank funds are on target for the year, and we should finish the year strong. Similar to last year, the club is once again actively engaged in selling football tickets for three games to Arizona Cardinal games. The HOG chapters at both Arrowhead and Roadrunner have put out funds for the tickets this year. It's important that those tickets are sold so the clubs are not out any money. Details about purchasing tickets are on the website and have been appearing in the weekly blasts. Don't miss out on the fun of seeing the games and enjoying some great tailgating put on for us by the Cardinal Organization.

Don't forget about the two ride challenges this year. Win's Butt rides will give you bragging rights for accomplishing the mileage challenges. The 10 for 25 challenge is riding to 10 locations around the Phoenix area in order to take a selfie. Get all 10 and you might win \$250. It's easy! Both challenges are listed on the website with more information.

The weather should be turning much cooler by the time you read this. We need to get out there and ride those miles. There's a chapter (that's not worth mentioning) on the East side of the valley that loves finishing in 3<sup>rd</sup> place. So, let's help them out by having Arrowhead complete another million-mile year!! "LET'S RIDE"!!

Terry Smith

Treasurer

## Membership

### 5104 Quarterly News Article – Membership

This past quarter was anything but quiet. Several of us went to the 85<sup>th</sup> Sturgis Rally. Thanks to a relatively mild summer we have seen our membership numbers steadily grow during what normally is a very slow period. We have also had some very successful promotional events at Arrowhead Harley. Most recently was the Bike Night / Bike Show which drew a huge crowd. Its events like that and chapter members volunteering and being visible that are at the foundation of attracting new members and sustaining a healthy active membership roster. The other key ingredient is a robust ride calendar which our chapter prides itself on. I needn't say more about the kind of mileage this chapter puts in. You have yourselves to thank!

## Safety Officer

### **PRE-RIDE CHECKLIST AND SAFETY CHECK FROM FIXMYHOG.COM**

Motorcycle riding isn't always as simple as starting the engine and hitting the road. There are certain responsibilities that demand attention when it comes to motorcycle maintenance and preparedness. Making sure you've got all the right areas covered will not only ensure a safe, worry-free cruise for you, but it will keep others safe as well. Here's a handy guide to help you ride with peace of mind.

#### **1. Fluid Levels**

Regularly check oil, transmission, primary, and brake fluids to ensure they are fresh and at proper levels. Proper fluid levels not only contribute to the smooth operation of your motorcycle but also enhance overall safety during your ride.

#### **2. Battery Health**

Verify your battery's voltage; a well-maintained battery is key for a trouble-free start. Whether you use a battery maintainer or store it in a warm area on a trickle charger, ensuring adequate voltage guarantees a reliable ignition and avoids the frustration of a non-starting motorcycle.

#### **3. Brake system**

Ensure brakes not only feel firm but also check pad thickness regularly for both front and rear brakes. A firm pedal and optimal pad thickness are critical for responsive braking, ensuring your ability to stop safely in various riding conditions.

#### **4. Filter Maintenance**

Keep air and oil filters fresh to optimize motorcycle performance. Regular filter maintenance not only improves fuel efficiency but also extends the life of your engine, contributing to the longevity of your motorcycle.

#### **5. Passenger Preparedness**

If riding with a passenger, bring adequate clothing for changing weather conditions. Ensuring your passenger is comfortable and well-prepared for temperature changes enhances the overall riding experience and avoids the need to cut short a ride due to discomfort.

#### **6. Operational Components**

Ensure all components, from simple floorboards to complex spoked wheels, are in optimal condition. Thoroughly checking all operational components guarantees a smooth and safe ride, preventing unexpected issues that could arise from overlooked details.

#### **7. Tire Pressure**

Monitor tire pressures diligently to extend tire life and enhance safety. Proper tire pressures not only contribute to fuel efficiency but also provide better traction, stability, and control, crucial elements for a safe and enjoyable ride.

#### **8. Fasteners and controls**

Check all fasteners, handlebars, mirrors, and handlebar controls for tightness and functionality. Secure fasteners and properly functioning controls are vital for rider safety and overall control of the motorcycle, reducing the risk of accidents due to loose components.

#### **9. Lighting**

Inspect all lighting components, including high and low beams, turn signals, and brake lights, for proper operation. Functional lighting ensures visibility on the road, making you more noticeable to other motorists and enhancing overall safety during your ride.

#### **10. Seat Security and comfort**

Confirm the seat is securely attached and comfortable for both rider and passenger. A secure and comfortable seat not only contributes to an enjoyable ride but also minimizes distractions and discomfort, promoting focus and safety on the road.

Remember, your motorcycle's upkeep is your responsibility. Incorporate this pre-ride checklist into your routine to ensure a safe, comfortable, and enjoyable ride every time you hit the road. Before you ride, check your ride.

Hello HOGSTERS:

As the weather is starting to get cooler, which translates into more time in the saddle. We just had our ride planning meeting and have filled out the ride calendar for the remainder of 2025 and into 2026.

Now with the better weather, you can now try and complete Terry Smith's 10 for 25 destination rides and also work on completing Win's Butt Ride Challenge.

As a special note: with the cooler weather, it is imperative that you check your tire pressure before each ride, as the cooler weather has a tendency to reduce your tire pressure. Properly inflated tires are imperative for a safe ride and getting more miles out of your tires.

Please remember to check the Team Up application if you have it on your phone, it has the most up to date information on all rides and other events. If you do not have the application, please contact Rich Sporski and he will assist you in putting the app on your phone.

Stay safe out there and keep the shiny side up at all times.

Kevin Mancino – Head Road Captain

# Activities Director

Hi everyone,

With the holiday season coming up I have a handful of activities planned. We will be going on more ride with the weather cooling off. Also, Trunker Treat at the dealership Thursday October 30th and keep an eye out for exciting Black Friday events. Contact me with any rides or activity ideas you have.

See you soon!

Have a great week!

### Ride Season Is Here

**Thank you for all that came out to the summer full moon ice cream rides. Lots of fun events and rides coming up.**

The weather is finally cooling down, dipping below 100 degrees and that means it's time to dust off the bikes and hit the road. After a long, hot summer, the open highway is calling, and there's no better time to ride.

Before you twist the throttle, here are a few important reminders to keep you safe and comfortable out there:

- **Stay hydrated.** Cooler temps don't mean you can skip the water. Dehydration can sneak up quickly, especially during longer rides.
- **Inspect your bike.** Make sure your ride is properly maintained. Check your fluids, inspect your tires, and verify your pressures.
- **Dress smart.** Arizona weather can be unpredictable this time of year. Layer up or pack an extra layer so you're ready for sudden temperature changes -especially on longer rides or high-elevation routes.
- **Stay alert.** With the cooler weather, you'll see more bikes on the road—and the snowbirds are starting to return. Keep your eyes open, ride defensively, and watch for increased traffic.

Let's make the most of this ride season. Whether you're cruising solo or rolling with the chapter, stay safe, ride smart, and enjoy every mile.

See you on the road!

LOH

## Historian

We have survived for the most part the most part the hottest months here in Az. I unfortunately have been extremely busy at work and missed the last officer and chapter meeting. This is the information I have at this time and will bring all items up to date in the next News Letter.

We unfortunately Have lost one of our brothers on July 29<sup>th</sup> 2025 Faron Nevile (BONES). 26 Rides with 271 riders and pillions, (not counting the always welcome just show ups)

Alice and I will be becoming much more active in the near future!

## Past Director's Message

From the desk of the past Director:

It is that time of year when the temperature is coming down! So, rides will be going up.

We have a service volunteer ride. I'm working with ADOT about the 2 Highways that we clean. 1 is a great ride to highway 89 Kirkland Junction, the other is Lake Pleasant highway. It is about 20 degrees cooler this time of year at highway 89 Kirkland Junction. We need volunteers to sign-up on Team-up and come out. After the cleanup we will be going to lunch which is paid for by the chapter. So not only, do you get a great ride, but you eat for free. The date for Route 89 Kirkland Junction is 9/20/25, and highway 74 Lake Pleasant is on 10/19/25. We have received a certificate from ADOT for what we do.

They want you to know you are appreciated. If you want to see it, it is in the HOG room at the dealership.
